To whom it may concern,

### TESTIMONIAL

**Total Solution Holdings Pte Ltd** (Total Solution) was first contracted by Faith Community Baptist Church in December 2005 to supply, install, test and commission a 29sqm Barco 10mm LED screen display for our weekly services at Max Pavilion in Singapore Expo.

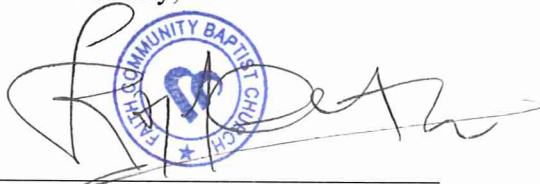

We were impressed by their capabilities, proven past business track record and the quality of their LED solutions offered during the evaluation of our purchasing decision. During the installation, we experienced their enthusiasm and professionalism when doing the setup in a very short notice in order to meet our Christmas celebration dateline.

In 2006, we contracted Total Solution again to supply, install, test and commission 2 sets of 40mm Chromalux effect wall for our services. Our decision making was made easier by their ability to conduct different product demo shootout for our evaluation.

Early this year, Total Solution was contracted again by us to remove, install, test and commission a new 57.6sqm Barco 10mm LED wall with customized designed permanent structures. As per their excellent past record, Total Solution completed the installation and commissioning within the short dateline given with their usual high levels of expertise and professionalism.

Since 2005, Total Solution has constantly displayed strong after sales service, technical servicing know how and trouble shooting capabilities. We are very satisfied with their team of experienced and well qualified technicians in their Service Centre which provide us with post warranty servicing. We will certainly look forward to partnering Total Solution again for our future product purchases.

Yours faithfully,

A handwritten signature in blue ink is written over a circular blue stamp. The stamp contains the text "FAITH COMMUNITY BAPTIST CHURCH" around the perimeter and a heart icon in the center.
