MA[®]
UNIVERSITY

E-learning: Interactive learning at your fingertips

- Be updated on the newest software
- Recap on previous content or topics and re-do courses
- Select the courses and contents themselves, and learn at your own speed
- Your individual training is at your fingertips anytime, anywhere

Register for E-learning now!

The advertisement features a dark background with a close-up of computer keyboard keys. One key prominently displays the word "Learn" in orange. In the bottom left corner, there is a white line-art illustration of a piece of audio equipment, possibly a mixing console or a rack of modules.

MA Lighting's own E-learning platform is a powerful tool for you when entering the world of MA training.

The choice is yours: Start at your individual knowledge level in the modular and constantly growing system – anytime and from anywhere!

WooHah Protected with StageSmarts SmartPDU

“Moving into the summer season with many generator based outdoor shows, the built in ‘loss of neutral’ protection the StageSmarts offers was an immediate win for us to protect our equipment in the case of any event power supply failures,” added Ben. “LED panels tend to have a high in-rush current, and have been notorious for having ‘leaky’ earths....
